

ROBOTHOL

It has been recommended that you use Robothol Oil. This oil is a unique moisturizer that has been created specifically for sensitive skin. This oil contains ingredients that are formulated to prevent skin irritation. Formerly, Robothol could only be found at the Mayo Clinic. Today Robothol can be found in Savannah exclusively at Spataneity.

USAGE INSTRUCTIONS:

Robothol should be applied everyday for best results. You can add approximately one teaspoon to your bath water. If you choose to add the oil to your bath water, please use caution when exiting the tub. Robothol can also be directly applied after the shower.

QUESTIONS:

If you have any questions or concerns please contact Georgia Skin and Cancer Clinic at 1-800-599-0067.
